Some stats on Global Food Security

NOW

- 800m people undernourished in calories (and don't forget nutritional needs).
- Largest absolute number in South Asia, about 300m, Sub-Saharan Africa, highest percentage at 27%.
- There is enough food for everyone.
- Even leaving middle class with same consumption only needs 1% increase in food.

2050

- FAO estimates 70% ↑ in production needed for 9bn people
