Food Security, Biotechnology and Genetic Modification-A Mature Conversation

Friday 16 May 2014, 16:00

Auditorium, Sainsbury Laboratory

47 Bateman Street, Cambridge CB2 1LR

A panel discussion on the role of biotechnology and genetic modification in delivering food security. Brief introductory remarks from the panellists will be followed by a chaired discussion with the audience and a drinks reception.

- Professor Ottoline Leyser, Director of the Sainsbury Laboratory
- Professor Andy Stirling, Professor of Science and Technology Policy, University of Sussex
- Dr Emmanuel Okogbenin, Director of Technical Operations, African Agricultural Technology Foundation

This event is free but ticketed. Tickets and further information are available from: <http://food-security.eventbrite.co.uk>

This event is part of the Humanitarian Centre's Global Food Futures Year and Cambridge University Botanic Garden's Festival of Plants.
